110420.7

By Alderman Abbott:

Whereas, applications were received by the City of Lockport for a Special Use Permit and Site Plan Review for two solar energy systems on properties located at 219 and 251 Summit Street, Lockport, New York 14094, and

Whereas, the proposed actions involve a special use permit and site plan review and are therefore actions under Article 8 of the New York State Environmental Conservation Law – the State Environmental Quality Review Act (“SEQR”); and

Whereas, Ruhlmann Farm Acres LLC, OYA Ruhlmann A LLC and OYA Ruhlmann B LLC (“Applicants”) have applied to the City of Lockport (“City”) for a Special Use Permit and Site Plan Review for two solar energy systems on the above listed properties, and

Whereas, the proposed action is a Type I, and

Whereas, the Common Council issued a Notice of Intent to be Lead Agency in order to have a coordinated review, and no other agency has objected to the City assuming Lead Agency, the time for such comment or objection has passed, and the Common Council declared Lead Agency Status on September 17, 2020 by Resolution No. 091620.4, and

Whereas, the Common Council for the City of Lockport, in performing the lead agency function in accordance with SEQR (i) thoroughly reviewed the Long Form Environmental Assessment Form (the “Long EAF”), Part I, and any and all other documents prepared and submitted with respect to this proposed action and its environmental review and public comments, (ii) thoroughly analyzed the potential relevant areas of environmental concern to determine if the proposed actions may have a significant adverse impact on the environment, including the criteria in 6 NYCRR §617.7 (c), and (iii) completed the Long EAF, Part II:

Whereas, the Common Council for the City of Lockport identified the relevant areas of environmental concern and has taken a hard look at each of the identified areas as required by “SEQRA”. The Common Council for the City of Lockport compared the proposed Action with the criteria for determining significance identified in 6 NYCRR § 617.7(c)(1) and in accordance with 6 NYCRR § 617.7(c)(2) and (3). As indicated below in the discussion of each criterion specified in 6 NYCRR § 617.7(c)(1), the Action will not have a significant adverse impact on the environment.

Now, Therefore, Be It Resolved as Follows:

That the Common Council for the City of Lockport has reviewed the Environmental Assessment Forms (EAF) and the criteria contained in 6 NYCRR §617.7, as well as the applications and the comments at the public hearing, and has determined that the Projects will not have a significant impact on the environment for the following reasons:

- A. As required by §617.7(a)(2), the Common Council for the City of Lockport has determined that an Environmental Impact Statement is not required because any identified adverse impacts on the environment will not be significant.
- B. As required by §617.7(b), the Common Council for the City of Lockport has:
 - 1. Considered the action as defined in subdivisions 617.2(b) and 617.3(g).
 - 2. Reviewed the Full EAF for each of the projects, the criteria identified in 617.7(c) and other supporting information to identify relevant areas of environmental concern.
 - 3. Analyzed the identified relevant areas of environmental concern to determine whether the action will have a significant adverse impact.
 - 4. Set forth herein its written Finding of No Significant Environmental Impact.
- C. The Board has compared the impacts reasonably expected to result from the proposed action to the criteria listed in 617.7(c)(1) as indicators of significant adverse impacts:

(i) a substantial adverse change in existing air quality, ground or surface water quality or quantity, traffic, or noise levels; a substantial increase in solid waste production; a substantial increase in potential for erosion, flooding, leaching or drainage problems;

a. Traffic Impacts

The Project will not have a significant adverse impact upon traffic or transportation. This Action involves short-term impacts from construction period and decommissioning period traffic utilizing the existing road network. Operations period traffic is insignificant.

b. Noise Impacts

There will be no significant adverse noise impacts from the Project.

c. Air Quality Impacts

The Project will not create a significant adverse impact to air quality, the only impacts will be short-term disturbances during construction and decommissioning.

d. Wetland Impacts

There are no wetlands impacts.

e. Erosion, Flooding and Drainage Impacts

The Project will comply with all applicable state and federal laws and regulations, including compliance with the Clean Water Act and the requirement to obtain applicable permits for

stormwater discharges from construction activities. The Project will comply with the submitted Stormwater Pollution Prevention Plan. There will be no impacts.

f. Solid Waste Production

The proposed Project will not increase solid waste production. The decommissioned system and construction waste will be disposed of in accordance with State regulations.

(ii) the removal or destruction of large quantities of vegetation or fauna; substantial interference with the movement of any resident or migratory fish or wildlife species; impacts on a significant habitat area; substantial adverse impacts on a threatened or endangered species of animal or plant, or the habitat of such a species; or other significant adverse impacts to natural resources;

While the site is agricultural property located in the Niagara County Agricultural and Farmland Protection Plan there will be no interference with the movement of any resident or migratory fish or wildlife species. The property is not a significant habitat area and there will be no substantial adverse impacts on any threatened or endangered species of animal or plant, or the habitat of such a species, nor other significant adverse impacts to natural resources.

(iii) the impairment of the environmental characteristics of a Critical Environmental Area as designated pursuant to subdivision 617.14(g) of this Part;

There is no Critical Environmental Area within the Project area, thus there will be no significant adverse impacts.

(iv) the creation of a material conflict with a community's current plans or goals as officially approved or adopted;

The proposed Project is consistent with the Town's current plans and goals, which specifically authorizes solar projects.

(v) the impairment of the character or quality of important historical, archeological, architectural, or aesthetic resources or of existing community or neighborhood character;

This Project will be fully screened by multiple rows of landscaping which must be maintained through the life of the Project. The Project will be located in a zone designated by the City Code as appropriate for solar, and will not negatively impact neighborhood character. The Project will not impair the character or quality of important historical, archeological, architectural, or aesthetic resources.

(vi) a major change in the use of either the quantity or type of energy;

There will be no negative impacts, the Project will increase the supply of renewable energy.

(vii) the creation of a hazard to human health;

There will be no such impacts.

(viii) a substantial change in the use, or intensity of use, of land including agricultural, open space or recreational resources, or in its capacity to support existing uses;

There will be no such impacts. The proposed Project does not represent a substantial change in the use or intensity of use of land from current law, the land will be returned to agricultural use after decommissioning.

(ix) the encouraging or attracting of a large number of people to a place or places for more than a few days, compared to the number of people who would come to such place absent the action;

There will be no such impacts.

(x) the creation of a material demand for other actions that would result in one of the above consequences;

There will be no such impacts.

(xi) changes in two or more elements of the environment, no one of which has a significant impact on the environment, but when considered together result in a substantial adverse impact on the environment; or

There will be no such impacts.

(xii) two or more related actions undertaken, funded, or approved by an agency, none of which has or would have a significant impact on the environment, but when considered cumulatively would meet one or more of the criteria in this subdivision

And Be It Further

Resolved, that the Common Council for the City of Lockport based upon (i) its thorough review of the Long EAF, Part I, and any and all other documents prepared and submitted with respect to the proposed actions and its environmental review, (ii) its thorough review of the potential relevant areas of environmental concern to determine if the proposed action may have a significant adverse impact on the environment, including the criteria identified in 6 NYCRR (c), and (iii) its completion of the Long EAF, Part II, including the findings noted thereon (which findings are incorporated herein as if set forth at length), hereby makes a negative determination of environmental significance ("Negative Declaration") in accordance with SEQR for the above-referenced proposed action, and determines that an Environmental Impact Statement will not be required, and be it further

Resolved, that Resolutions 102120.7 and 102120.8B be and are hereby ratified, and be it further

Resolved, that the Responsible Officer of the Common Council for the City of Lockport is hereby authorized and directed to complete and sign as required the determination of significance, confirming the foregoing Negative Declaration, which fully completed and signed Long EAF and determination of significance shall be incorporated by reference in this Resolution.
